

Atomic Brain DVDTee (XL)

Includes both DVD and Tee Shirt!

DESCRIPTION

This "DVDTee" includes both a DVD of the 1964 film, Atomic Brain, and a tee shirt featuring the original poster art. In this cult sci-fi/horror favorite (also released as Monstrosity), a mad scientist's experiments in atom-fueled brain transplantation go horribly wrong. A rich, elderly widow invests a hefty chunk of her fortune to fund the misguided research with the hope of being returned to a younger body and regaining her youth. She even lets the crazed doctor and his mutant assistant set up a lab in her basement. But when three attractive young women from Europe are lured to her mansion (via an ad for a housekeeper), they become subjected to a gory series of failed procedures in this creepy classic. One woman even ends up with the brain of a cat!
