

Broken Bones - Fuck You And Everything You Stand For!

Brand new release from Broken Bones, mixing hardcore, doom and punk and politics like no other.

DESCRIPTION

Broken Bones' eighth studio album has finally arrived. Broken Bones are one of the few bands that more ferocious today than they did on their early, classic releases. To this day Broken Bones are hailed as one of the best and most important hardcore/punk bands ever. Broken Bones founder, Bones (from ultra-influential doom punks Discharge), has pushed things to the limit with this one. From the first song to the last, the whole album grips you like a vice and doesn't let go until the very end. Fast paced with lots of political kick, Fuck You And All You Stand For" is a gripping ride; pounding drums, driving bass and searing guitar, topped by venomous vocals about political and social extremes. The Bones are back in all their glory.
