HARRY KNUCKLES AND THE PEARL NECKLACE

From the makers of *Jesus Christ, Vampire Hunter*, it's a punch-drunk dream come true as Canada's favourite super spy, Harry Knuckles makes his feature film debut in *Harry Knuckles and the Pearl Necklace*.

A valuable necklace has gone missing, and Harry is on the case. Teamed with his loyal friend (who believes himself to be Mexican wrestling hero El Santos) and armed with a lethal arsenal of kung-fu moves, a hair-trigger temper and a seemingly endless supply of potassium-rich bananas, Harry's ready to knuckle up against any and all comers.

See Harry go toe to toe with the hinterland horror of the Bionic Bigfoot! Watch him brave a binary beat-down in a booby-trapped virtual reality! Witness him manhandle heavy metal thugs and trounce a team of Amazon assassins! Meet a man with a secret that promises to shatter Harry's world! Be there to witness Harry's darkest – and maybe his final – moment! This is one flick you can't miss!
